Ideas at night

~Nothing maters.

**Nothing ever mattered. **

**Friendship. **

Why Friendship?...

**What can _I _do?... **

What _do_ I do?...

Why am I here?...

**Why was I born?... **

We live for what?...

Is their a greater goal to achieve?...

Do I suffer for a reason?...

Is it my choice?...~

~Questions.

So many questions.

I'm tiered of asking.

Asking myself pointless questions.

Without a answer.

I'm searching.

For what I ask.

Nothing.

No answer.

Again.~

~Silence.

**Emptiness. **

Left in my mind.

Besides the questions.

The questions are the only thing left.

Where are the answers?

More questions.

I can not escape them.~

**~I can not escape
life.**

Responsibility.

Problems.

Problems...

It seams like their is no end to the problems.

Like the questions.

**Maybe that is where the questions come
from.**

Maybe...~

**~Alone, that's how I feel. **

**Lost, confused. **

**About what? **

**I can not answer. **

**I do not know. **

I suppose it's everything.

**I lay here wondering, willing my mind to understand. **

**Emotions running through me like a raging river. **

**Swept by so fast.~ **

**~I wish I could cry. **

**I wish I could express how I feel deep inside. **

**Maybe it could tell me who I am. **

**Maybe it could it could show me why I'm here. **

**I try to cry. **

**To let it all out. **

**To show the world how I feel.~ **

~The tears.

**The tears that never come. **

**I still feel them inside. **

**I cry on the inside so no one can see me. **

**And yet that's all I want. **

**For someone to see me. **

**For someone to know how I feel. **

**For someone suffer my pain with me. **

**Someone to turn to in times of trouble. **

**All ways to know someone is there to turn to. **

To let me lean on them and cry, just cry.~

A warm tear fell down his cheek as he closed his eyes and welcomed sleep.

So, how was it? I really need people to review this cause I want to how I did. I can tell if you read this so don't pretend that your not here. If your not in the mood to write a long, one sentence review (yah, like that's really hard) then just rate it or put one word on it, I don't even need your name (although it would be nice) just let me know how I did.

Thanks a bunch,

-Calypso Baby

Disclaimer: Oh, come on, how many times do I have to say this? 'I don't own Digimon!' Have a nice day! *mumbles to herself* I got to stop writing fanfics, the disclaimers are really getting on my

nerves.
